Road Crew Report and Transfer Station Report

The last few weeks we've scraped all the blacktop roads. Been cutting trees and clearing brush, but ditches are still soft. We went out and checked the seal coating/routing, the routing and crack sealing was done poorly. Just a reminder, for the rest of the winter, we cannot continue to plow the gravel or chip sealed roads because they're too soft.

Everything is running smoothly at the Transfer Station.

Items for Discussion and possible action:

Red Pines Subdivision (25 acres) - covenants

After discussions with the Attorney, it has been decided to wait until after the plat maps are recorded. Most likely, two more town meetings before we can approve the covenants.
